

**DIRTSCAPE
DREAMING**
gardens of spirit to nurture heart and soul

PROJECT: Moonee Ponds MindBody Health Centre
BRIEF: Develop a healing garden, collaborating in the centre redevelopment with the architect, interior designer, Feng Shui & Sacred Geometry consultants
ROLE: Landscape Design, construction supervision, sculpture & fence design, internal atrium installation

moongate entry: no gate attached
'moongate' refers to shape only

transparent crafted black steel screen to provide climber support and concealment of parking bays. Business signage integrated in screen

MOONEE PONDS
MindBody
HEALTH CENTRE

OBJECTIVE: Begin healing at the gate with connection to nature at every opportunity. Create a welcoming entrance that invites new clients. Recycle wherever possible.

INTERACTIVE ELEMENTS:
A waterbowl for clients and practitioners to leave floating candles. Staff Courtyard herb patch grows on top of a wall made from the eucalypts removed during development. Interior children's play-room installation

CHALLENGE: Maximise car parking without losing central meditation garden, create soft screen to street and slip in a 2.7m high sign under council's nose.
SUCCESS!

Project completed:
Sept 2009
